it's not disappointing it is an outright lie. nobody lives with me, nobody uses my phone and none of those are associated with me in anyway except for the megaritch user name. that is FALSE and an outright lie. like how could that be? how could anyone have my same ip address from my iphone and supposedly have these accounts??? i don't believe for a single second that those accounts even exist and am absolutely sure that your entire site is nothing but a scam and a cheap imitation of a casino and i hope every review site makes the public and players aware bc that is a lame sorry excuse and not even close to a possibility even and y'all just made that shit up

Hi megaritch,

We have received your withdrawal request for \$ 50.00 via Bitcoin and it has been rejected.

After a thorough review by our fraud and risk department, we've identified **multiple accounts associated with your IP address**. This situation violates our **Terms and Conditions clause 6. BONUSES AND OTHER PROMOTIONAL OFFERS 6.1. Overall Bonus and Promotion Rules (b)** Only one promotion is allowed per Player at any given time, except when specified otherwise.

Ritzslots promotions are restricted to a single instance for each Player, household, location, credit card number, and computing device, including shared ones like those in universities, fraternities, schools, public libraries, or workplaces, unless there is a prior arrangement with the Casino management.

The following usernames were found linked to the same IP address:

megaritch
Unclenick
QUEENIE4343
Kriztiz3405

We understand this may be disappointing news. However, you are still eligible to withdraw from whichever deposits you make, whether they are clean deposits or deposit bonuses.

If you have any questions or need further clarification, please do not hesitate to contact our support team. We are here to assist you and ensure you have a positive experience with us.

Thank you for your understanding and cooperation.

Warm Regards,
